

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

FORT McLEOD, 9th, January 1875.

SIR,—I have the honor to inform you that I have to-day made a settlement of account with Messrs. J. G. Baker & Co., and find the amount due them to be \$17,471.40, gold, for which amount I have given them a draft on the Bank of Montreal, Montreal.

Enclosed I beg to send receipts and vouchers for the same, together with an account of Wetzel & Co., receipted. I also send an account of Customs duties collected and another of fines. The various accounts will show what disposition has been made of them.

I have so far received no despatches from Colonel French, and none from the Department, except those relating to Customs and newspapers, and a telegram granting me permission to buy 30 horses.

I have invariably seized every opportunity of sending Col. French full particulars of everything which transpires here.

I have, &c.,

(Signed)

JAMES F. McLEOD,
Assistant.

H. BERNARD, Esq.,
Deputy to the Minister of Justice,
Ottawa, Canada.

HELENA, 7th April, 1875.

SIR,—Enclosed I have the honor to send you an account of J. G. Baker & Co., with the vouchers for the same. In settlement of this I have given them a draft on the Bank of Montreal for \$3,609.00. gold. These accounts include the money paid for the horses bought by Inspector Walsh.

I have ordered from Baker & Co. the necessary supplies for the Force under my command to last till 1st July.

I have, &c.,

(Signed)

JAMES F. McLEOD,
Assistant Commissioner.

H. BERNARD, Esq.,
Deputy to Minister of Justice,
Ottawa.

HELENA, 23rd July, 1875.

SIR,—I have the honor, in reply to your letter of the 16th June ult., with reference to my draft for \$3,609, to express my regret that so many inaccuracies should have been found in the accounts submitted, and to enclose receipts, as requested, to attach to Vouchers Nos. 5 and 22.

A day or two before leaving home I obtained from Inspector Walsh a detailed account of moneys he had received and the expenditure, but did not bring it in with me as I did not expect to be gone for any length of time.

Baker & Co. inform me it is not usual to get any endorsement of orders from half-breeds. These orders are generally sent in by other hands, and very few of them can write. We will, however, see that in future all orders are endorsed. I will instruct them on this point when I give the orders.

I have, &c.,

(Signed)

JAMES F. McLEOD,
Assistant Commissioner.

Lieut.-Col. RICHARDSON,
Acting Deputy to the Minister of Justice,
Ottawa, Canada.

Hay Delivered at Fort Walsh.

150 tons..... \$22 50

\$3,375 00

Certified.

(Signed) JAMES F. McLEOD.

HELENA, 13th March, 1876.

The contract for the supply of this hay was made by Inspector Walsh; \$22.50 was the sum he agreed to pay. The reason this hay cost so much was that a road had to be made across Cypress Hills. This year the price will be much less.

(Signed) G. F. WACHTER.

The above supplies were used by a detachment stationed at Fort Kipp in the winter of 1874-75, under the command of Inspector Brisebois. Wachter, at the time, was a prisoner in the custody of the North-West Mounted Police at Fort McLeod. The scarcity and high price of provisions in that country that winter is the cause of the unusually high prices as above paid. The price of flour at the time was from \$40 to \$45 per hundred weight.

" extra expense incurred by locating post by Captain Brisebois further from timber than agreement with Col. McLeod.....	1,000 00
	<u>\$3,476 00</u>

My returns show only 8,520 feet closed in, which, according to agreement, at 25 cents per foot, reduced amounts to \$2,130.00; balance disallowed. Messrs. Baker and I disagree about the extra expense of locating Fort more than one mile away from timber. I have made enquiries and do not think that any extra expense was incurred. They reserve the right to make good their claim for the balance.

It appearing to me, from the affidavit of Merritt C. Page, late Attorney, and of Counsel for the Government of the Dominion of Canada, in the matter for the extradition of Thomas Hardwick and others, in which an examination was held before W. E. Cullen, Esq., Special Commissioner, that it was agreed by and between the said Merritt C. Page and James F. McLeod, acting on behalf of said Government, that the amount of his fee for such services as Attorney and Counsel in said case should be fixed by me; and it further appearing from the sworn statements of Counsel learned in the law and conversant with the matter of said services, and from the proofs and exhibits, before me, that such services were reasonably worth the sum of twenty-five hundred dollars, and that such sum would be a just and reasonable fee for his said services rendered therein. I therefore, by reason of such evidence, fix and determine the fee of said Merritt C. Page, for his services rendered to the Government of the Dominion of Canada, in the recent examination before Special Commissioner W. E. Cullen, of Thomas Hardwick and others, under the Acts of Congress relating to extradition and under the Treaty with Great Britain, at the sum of twenty-five hundred dollars.
